

Mouse Ear Headband

Materials

- construction paper
- crayons or markers
- stapler or tape/glue

Directions

- 1) Using construction paper, cut out a strip of paper about 2 inches thick and long enough to wrap around your forehead
- 2) Make it a few inches longer so you can staple the ends together
- 3) Fold a piece of paper in half and cut out a set of circles (a helpful idea is to find a large cup to trace around!)
- 4) Cut out another smaller set of circles in pink
- 5) Glue the smaller circles inside each of the larger circles
- 6) Put the bottom edge of each ear up against the strip of paper and staple or tape them in place
- 7) Once the ears are attached, staple or tape the ends of the strip together to fit snugly around your forehead
